Temecula Road run 11/5-7 2010

Friday morning Judi & I Meet John & Marie in Corona for breakfast then rode down to the hotel. We were hanging out @ the dealership where we met up with Hoaken & some local guys then rode around DeLuz canyon to Fallbrook & back. Not wanting to waste the day sitting, riding was the theme of the weekend we took off for Rainbow Café for afternoon refreshment's. The Girls spent the day wine tasting so it was a nice change for them. Byron & Shanon met us for Dinner & we had a nice evening visiting.

Saturday morning Tony & Gabbie, along with Mike & Carolyn Thomas made it down. This was the debut for Shannon to ride her 1974 Iron head Sportster with the chapter. We rolled out about 10 am for Mt Palomar with 7 bikes on the road. South grade road is a changeling climb; it is listed as one of the best motorcycle roads in Southern California. @ The top we had to do some service on Tony 's bike, but we got him going for a bit more. But @ the bottom of the hill we had to load him up, I think he needs a better mechanic. Lunch was @ The Hideout & then we took Mesa Grande road to the Julian Pie Co for desert, pie is good! The sky started looking like a shower was in the future so we headed thru Warner Springs back to the hotel on hwy 79 but it never rained.

Sunday morning the LA 6 headed to Rainbow café for breakfast, then a jaunt thru Pala Canyon back to check out & head home. It was a nice weekend & we have a new rider, Shanon logged all the miles Saturday & Sunday. I have to say you missed out, but there is always next time. CCT.
